----- **Conference will be held in DFCI Smith Building Room 308** -----

**8:45 AM: Laying the Groundwork**

- The clinical and biologic basis for combining Ped/Gyne/GU GCT
  - 8: 45 ✓Frazier: "MaGIC" risk stratification
  - 9:05 ✓Shaikh: Analysis of AYA MRC data
  - 9:25 ✓Nichols: Outcomes as function of expertise (ASCO presentation)
  - 9:45 ✓Amatruda: Biology of Adolescent and Young Adult GCT: Same or Different?

**10:15 AM: Coffee Break**

**10:45 AM: Overview of the Proposed Statistical Design- Krailo**

- ✓What are the general design parameters of a MAMS design
  - What decisions need to be made and how does these affect sample size/length of the trial?
    - Which p-value will we accept as proof of efficacy?
    - What power do we want to have?
    - Rule for early termination of one arm.

**11:30-1:00: Review of proposed regimens**

- 11:30 ✓Sweeney: Overview and GETUG 13
- 11:50 ✓Feldman: TIP
- 12:10 ✓Grimison: Accelerated BEP
- 12:30 Discussion

**1:00 Lunch**

### 1:30- 6:00: The Nitty Gritty

- Accrual and Eligibility
  - Eligibility:
    - Only poor risk or poor/intermediate risk?
    - Projected EFS of X%??
  - Contributions of pediatric, gynecologic and testicular cancer communities—national and international estimates
    - Pediatric: Frazier
    - Gynecologic Oncology: Gershenson
    - Testicular Cancer: Sweeney and others?
- Return to MAMS design discussion on:
  - Consensus on regimens?
  - Power, sample size and level of evidence.
  - Balanced randomization by age or gender?
  - When should randomization occur?
    - Based on tumor marker decline?
    - After which cycle?
  - Who would be ineligible?
    - Need for central review?
  - Provisions for those too ill to start protocol therapy immediately?

7:30 PM Dinner: TBD

### Monday 4/27

7 AM breakfast begins in the Longwood Grille (Please use vouchers as payment)

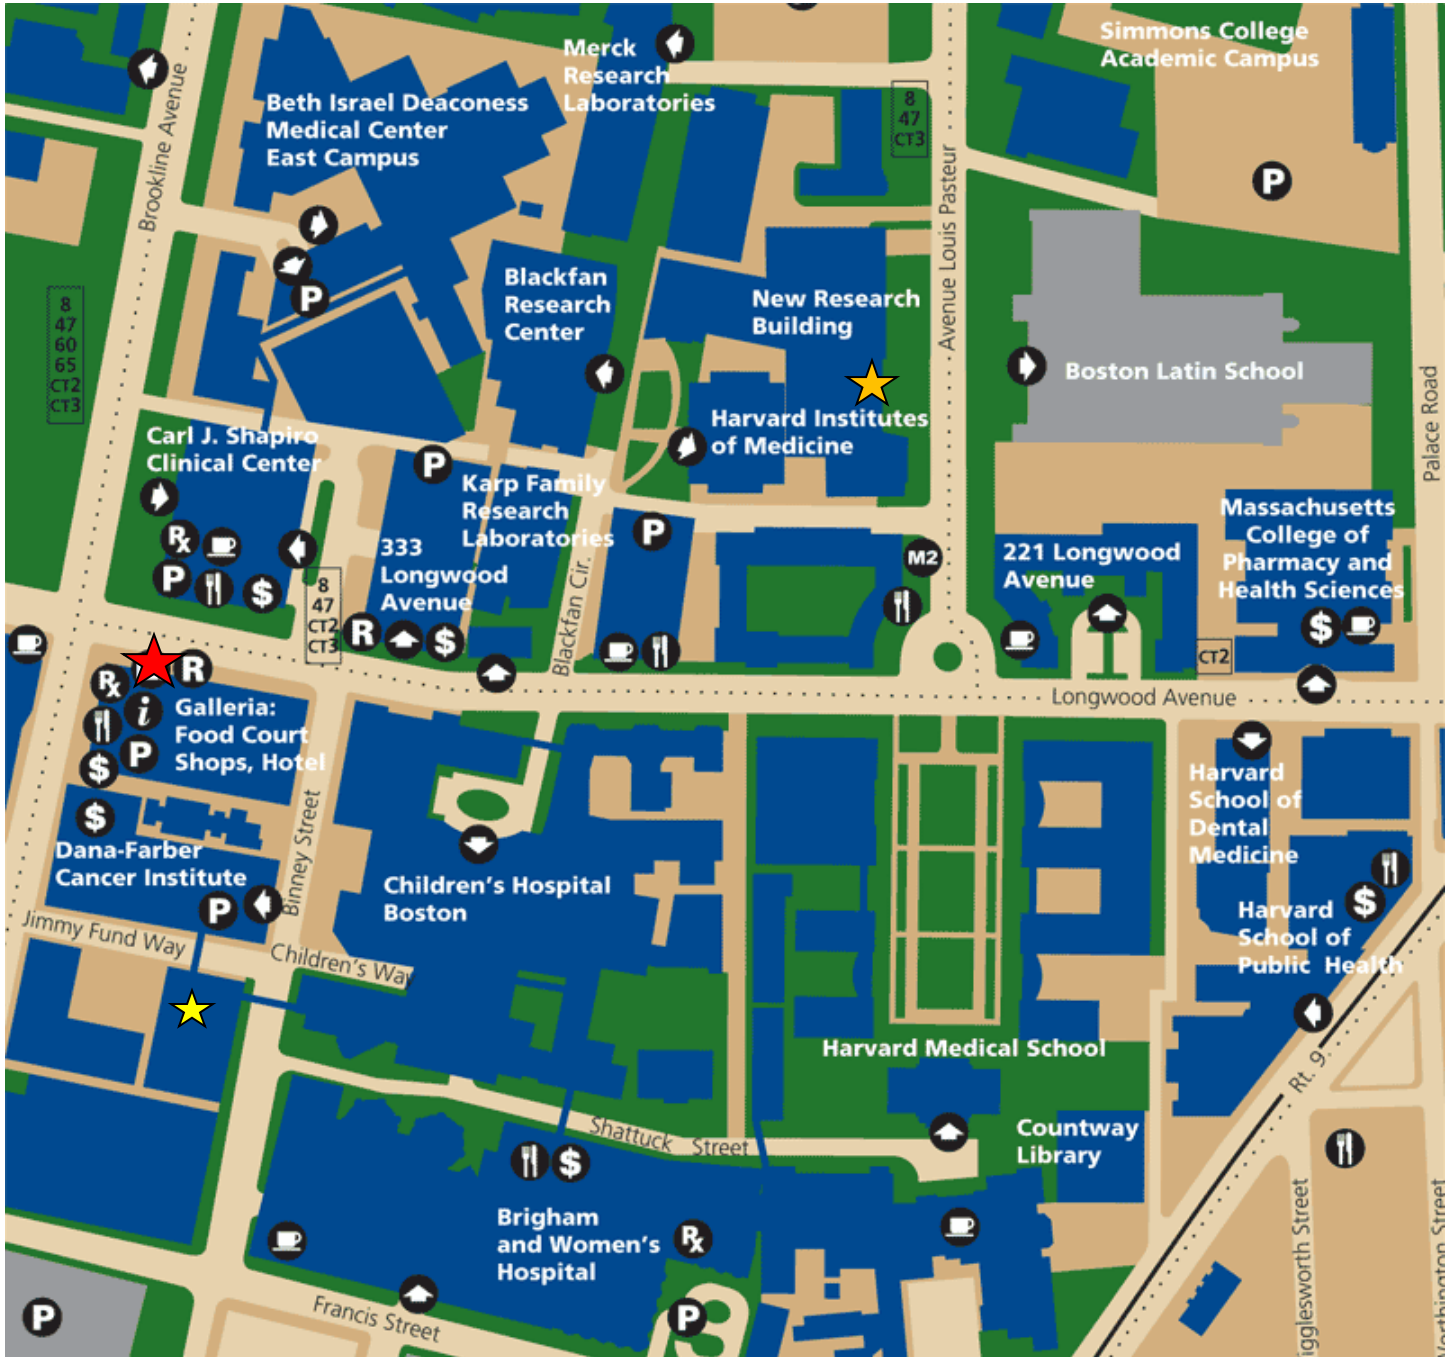

\* The Inn at Longwood kindly asks that you to check out by 12 PM
